Items included in the list are:

|  |   |
|--|---|
| Welding electrodes                         | Woodworking installations                 |
| Electric motors                            | Rail vehicle constructions                |
| Generators                                 | Box cars                                  |
| Cord lines and installations lines         | Passenger cars, trucks and busses         |
| Enameled wire and winding copper           | Automobiles, motorcycle and bicycle parts |
| Stop watches                               | Wheel and caterpillar tractors            |
| Typewriters                                | Centrifugal pumps                         |
| Ocean cables                               | Turbo compressors                         |
| Radio installations                        | Cooling compressors                       |
| Power cables                               | Welding equipment                         |
| Telephone cables                           | Industrial armatures                      |
| Cardan Cables                              | Open link chains                          |
| Accumulators                               | Wire cloths                               |
| Crane motors                               | Blank and wood screws                     |
| Servomotor regulators                      | Vertical lathes, turners' lathes, etc.    |
| Disconnection switches                     | Parallel planing machines                 |
| Reflex cameras                             | Drilling machines                         |
| Adding machines                            | Milling machines                          |
| Bookkeeping machines                       | Gear hobbings                             |
| Stationary diesel and gas motors           | Metal hack saw machines                   |
| Wire cables                                | Hydraulic presses                         |
| Nuts and Bolts                             | Grinding machines                         |
| Rivets and nails                           | Transportation equipment                  |
| Circular saw blades                        | Fire fighting equipment                   |
| Files and rasps                            | Steam kettles                             |
| Diesel and gas motors for vehicles         | Boilers                                   |
| Construction machines                      | Mining equipment                          |
| Steel constructions                        |   |
| Installations for the polygraphic industry |   |
